

**Pets and Positive Ageing Inc is a not-for-profit community organization.
Its Objects are:**

- To promote the benefits to older Australians of a continuing relationship with their pets in aged accommodation
- To encourage and disseminate readily accessible information about aged accommodation that allows pets
- To encourage and disseminate readily accessible information about the benefits of residents being supported to have a continuing relationship with their pets to operators of residential aged care facilities and retirement villages
- To develop and promote an ACT program to support older pet owners ageing in place at home during temporary health crises
- To make representations to governments and other authorities on issues relevant to pets and aged care
- To promote good welfare outcomes for both people and pets
- To operate as a not-for-profit organization composed of members who agree to its objects
